

**Webster CERT Activation
December 31, 2010
Tornado**

Narrative:

Activation time: 2345 hrs

Activated by: self

Area: KK and U highway to Spout Spring Rd and Greenhill Rd

Damage assessment survey:

Power lost over northeast Christian County and south central Webster County. First arrival at KK and U Hwy

Found damage to small out buildings and trees. Light damage to houses in the area with no injuries reported. Moved north up U Hwy and found damage to home and out buildings at Olga and U Hwy. No injuries. Outside structures destroyed, house with very light damage. Moved north to Spout Spring Rd. Located overturned mobile home and destroyed out buildings. Mobile home unoccupied. No injuries.

Deactivated at 0130 hrs.

No other resources used.

(narrative submitted by Cecil Higgins)

Time:

| <u>NAME</u> | <u>IN</u> | <u>OUT</u> | <u>TOTAL</u> |
|---------------|-----------|------------|--------------|
| Cecil Higgins | 23:45 | 01:30 | 1.75 |
| Kayla Higgins | 23:45 | 01:30 | 1.75 |

Total CERT Hours: 3.5

What went well:

- CERT Trainer contacted initially when activating
- CERT SOGs followed
- Responded with two members
- Safety maintained as priority
- Scene turned over to Logan-Rogersville Fire Department on their arrival

Needs improvement:

- Fire department relationship could be strengthened so they understand better CERT's role and are more receptive to receiving intelligence from CERT upon arrival

END REPORT – Jaci McReynolds, CERT Coordinator
